DISCLOSURE AND TRANSPARENCY**

Sharjah, UAE, 29 April 2024: Dana Gas (PJSC) reports that, at 6:45 pm on the 26th of April 2024, a condensate storage tank at Khor Mor was struck by a drone terror attack, tragically resulting in four fatalities and minor injuries to eight employees of our contractors while they were working to repair the tank.

Everyone at Dana Gas and its partners express their deepest condolences to the families and colleagues of all concerned and are doing everything possible to help and support everyone who has been so tragically impacted. The health and wellbeing of all our employees and contractors remains of the utmost importance to Dana Gas. Although there was very minor damage to the facilities, for the safety of all our staff and the facilities, we have temporarily suspended production and instituted specific procedural changes.

We are fully engaged with the Kurdistan Regional Government and the Federal Government of Iraq at the highest levels in supporting their public commitments that the perpetrators will be brought to justice. This attack has drawn strong regional and international condemnation and has generated support for immediate action. In addition, we are also engaged with governmental authorities to enhance the security and defence measures to allow the resumption of production at the Khor Mor gas facility.

We maintain our steadfast commitment to the people of the Kurdistan Region and all of Iraq as well as all our stakeholders and look forward to resuming production operations from Khor Mor gas as soon as it is safe to do so.

Dana Gas will make further formal announcements to the market in due course.
